# There has never been a time in our history quite like now

Join the effort to raise funds for the purchase and installation of lockdown door barricades for every classroom in the Geneva district, and handheld metal detectors for each building.

## Children should never be afraid to go to school

Never underestimate the power of kindness. Our mission includes kindness awareness and mental health initiatives to help fill in the gaps and make Geneva schools a kinder place for all students.

## The time is NOW

To do absolutely everything we can to keep our children as safe as we can.
